GEORGE

DE WALD

AND

COMPANY.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

LOGANSPORT, Ind., Jan. 2.—Joseph E. Snell, a traveling salesman, filed a damage suit in the circuit court against the Wabash and Western and Lake Erie and Western railway companies for $10,000 for injuries received at Denver, Ind., October 31.

Mr. J. Schrader, a Bookkeeper at 11 German St., Baltimore, Md., states:—"I've used Salvation Oil for rheumatism from which I've suffered greatly for a long while and can say it entirely relieved me. I would not be without it at any cost."

Ayer's Cherry Pectoral is recommended by eminent physicians, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. Inquire of your druggist for Ayer's Almanac.

The School of Music, conducted by Misses Anderson & Large, re-opened today after the holiday vacation.

Mr. J. Haiber's new meat market, which he has opened at 19 West Wayne street, has already acquired a large patronage. This is due to the fact that Mr. Haiber thoroughly understands his business. 6t

The Weather.

WASHINGTON, Jan. 2.—Indiana—Fair, slightly warmer.

The Troy Steam Laundry

Asks no bonus, for we are no struggling industry soliciting alms, but we do ask for a broader recognition of our merits as a considerable factor among the working enterprises of this growing city.

We employ the best skilled citizen-labor, selected from a wide variety of applicants, and are not scant in our compensation of the same. Our work is clear, clean, white and pliable and is as great a contrast to the looking-glass finish, yellow, hard and brittle of John Chinaman, as a well conducted home business giving employment to fifty citizens and support to half as many families is a notable contrast to the half-fledged, ill-looking, unclean shanties that go under the name of Chinese joints. We invite a critical examination of our premises and methods, and ask for nothing that we have not honestly worked for. Our offices are conveniently located in different par of the city and our wagons are running continually and will answer any calls promptly. Telephone No. 160.

Very truly,

2t F. L. JONES & CO.

All members of the A. C. L. L. D. P. are requested to attend the regular meeting at their hall on Tuesday, January 8, at 8 p. m. B. WEIMER, Cor. Sec.

AT WORK AGAIN.

Both Houses of the National Legislature Convene After the Holiday Vacation.

WASHINGTON, Jan. 2.—There was more than a quorum of senators present when the chaplain delivered his opening prayer.

Among the petitions and memorials presented and referred were: By Edmunds, from a branch of the woman's relief board at Salt Lake City, remonstrating against any action of congress looking to the admission of Utah as a state; Mr. Edmunds said he was happy to think there was not much danger of any such action this session. By Hoar, to prohibit disfranchisement on account of sex. By Hale, in favor of including in the next census statistics of the surviving soldiers of the late war.

Mr. Hoar offered a resolution, which was agreed to, calling on the president for copies of the correspondence with the government of Great Britain in regard to the right of fishing, taking seals or navigating in the Behring sea or adjacent waters, and to the seizure and release of British steamships. The senate then resumed consideration of the tariff bill.

HOUSE.

Not more than seventy-five members were in attendance when Speaker Carlisle called the house to order at noon to-day. A bill was passed granting an annual leave of absence of thirty days to the employes of the bureau of engraving and printing, instead of fifteen as at present.

STRIKERS THREATEN TROUBLE.

Lake Erie and Western Switchmen in Lima Will Let No Cars Run.

LIMA, O., Jan. 2.—The strike of the Lake Erie and Western switchmen is assuming a serious aspect. Every freight except those bearing perishable goods and live stock were stopped here and the engines run into the roundhouse.

An attempt was made yesterday to take out a freight train which came in from the west, but the strikers threw open the switches and prevented it from going out. The engineers sympathize with the strikers and say that if necessary they will join them. The switchmen at Fostoria and Findlay quit work yesterday and trouble is threatened all along the line.

THE LOCOMOTIVE ENGINEERS.

The Brotherhood Will Continue the Support of the Strikers.

CHICAGO, Ill., Jan. 2.—A. R. Cavener, chairman of the general grievance committee of the Brotherhood of Locomotive Engineers, said to a reporter last night: "Many of the statements made recently have been erroneous. The Brotherhood men were never so enthusiastically in favor of continuing the support of the strikers as at present. The support will continue indefinitely, unless the strike be declared off. Again, there is no dissatisfaction with Chief Arthur's management of the strike.

JOURNALISTIC CHANGE.

Mr. Frank Leonard Retires from the Gazette and Mr. Shober Succeeds.

This week Mr. Frank Leonard resigns as associate editor of the *Gazette* and will return to Butte City, Mont., to engage in journalistic pursuits. His health and the health of Mrs. Leonard impels the change. Since his coming to Fort Wayne Mr. Leonard has made a host of friends and won lasting fame in the newspaper field. He is personally popular, and regrets and well wishes go with him.

Mr. Leonard will be succeeded by Mr. Gart Shober, a local newspaper writer of acknowledged ability and every qualification for a successful journalist, backed by a wide acquaintance and a corresponding circle of friends.

Mr. N. B. Leonard will continue as editor-in chief, with Mr. Shober as associate editor, and Mr. Mohler as city editor.

A Clean Break.

NASHVILLE, Jan. 2.—Goodale, Fite & James made an assignment to-day. No preferred preferences. Liabilities, $92,000; assets, $110,000. Each member of the firm assigned all his individual property for the benefit of the firm's debts. It is regarded as a clean break.

Death of a Maine Lady.

LEWISTON, Maine, Jan. 2.—Mrs. Oliver Spear, wife of ex-Governor Garcelon, died this morning. Mrs. Garcelon's sister, Mrs. Senator Frye, has been with her for the last few days. Senator Frye will return to Washington Saturday.

FOREIGN LETTERS.

A Plan to Have Our Letters Carried Across the Ocean for a Penny.

LONDON, Jan. 2.—Mr. John Henniker Heaton, M. P., has accepted an invitation to visit the United States early this year. He expects while there to appear before congress in advocacy of ocean penny postage, and much of the time of his visit will be devoted to furthering cheap postage. His idea is that as letters are now carried long distances by rail at a penny rate, with profit to the postoffice departments of England and the United States, a penny postage between England and America would be perfectly feasible.

THE ECLIPSE.

It Was Seen to Advantage on the Pacific Coast.

The envious moon began the new year yesterday by attempting to obscure the sun from our vision during the latter part of the afternoon. It placed itself between the earth and the sun and produced what is called a solar eclipse.

Though there occur seventy such eclipses in the course of the century the obstacles in the way of perfect observations have been so great that scientists at every eclipse discover some new feature attendant upon the phenomenon. So often do clouds intervene or so often does the track in which the period of total obscurity may be seen lie on the oceans that the eclipse has been observed but little. Thus it is that at every eclipse observers are anxious for cloudless skies and a fair vantage ground.

Yesterday astronomers were favored in this respect and a large number of eminent scholars observed the phenomenon on the Pacific coast, where Old Sol hid his face from the residents. In this locality people were out with smoked glasses to observe the sight and many were disappointed, for the eclipse was only slight to the observers here.

OUR MONEY.

The Money Collected for the State in Allen County—Paying Off the Debt.

County Treasurer Mowrer, with his deputy, Mr. Cas Hunter, will go to Indianapolis to-morrow, to settle with the state treasurer and make his annual payments. The apportionment includes $14,162.58 for the state tax fund; $1,958 for the state house fund; $18,862.05 for the school fund; $550.44 for the state university fund; $2,475.41 for school fund interest; $28 from circuit court docket fees, making a total fund collected for the state in Allen county of $36,098.06, a pretty snug sum.

The treasurer also paid off to-day $15,000 of the county bonded debt, and paid $4,625 interest on the remaining bonds. The county debt is being steadily wiped out according to democratic promises.

HOPKINS' PARDON.

It Seems to Get to the Anxious Prisoner Very Slowly—It Left Washington To-Day.

WASHINGTON, Jan. 2.—The warrant for the pardon of Benjamin F. Hopkins, of the Fidelity National bank of Cincinnati, was still at the department of state at 2 o'clock to-day. It was said that it would be sent to the attorney general this afternoon for transmission to the warden of the Ohio penitentiary. The president granted the application for pardon in this case December 21st and he signed the warrant on the 26th. It was returned to the state department the following morning. It then needed only the signature of the secretary of state and the seal of the United States to be a complete document. There is no explanation for the apparent delay, other than the one that the papers must have been overlooked.

"Speaking of old times," said one of the old soldiers at the Pittsburg works this morning to our reporter, "you might say that twenty-four years ago today Jim Sloan, the clerk in the machine shop, was at Atlanta, Ga., with the army. He was seen climbing a persimins tree for the purpose of practicing for the grand whistling match which came off at Atlanta a few days afterward. Since then he has never whistled again."

DR. VIRGIL.

Death of a Prominent Fort Wayne Physician Last Night.

Last night, at 11:20 o'clock, Dr. Thomas S. Virgil died at his home, on Harrison street, from a complication of diseases that broke him completely down. His brain was weakened, his kidneys deranged and his pulmonary organs were affected, so sorely, indeed, that last week he was seized with a hemorrhage, which continued seventy-two hours and from it he never rallied.

Dr. Virgil was born at Chocanut, Pa., on the 23d day of May, 1832. He was educated at the Albany Medical college and graduated in 1857. He practiced his profession at Rome and Cape Vincent, N. Y., for twelve years and twenty years ago he came to Fort Wayne. He has been in his day a very successful practitioner and enjoyed a reputation as one of the best physicians in the state.

His prominence and popularity continued until some five years ago, when his health failed, and two years ago he had to relinquish his profession, having suffered a stroke of paralysis.

He leaves, besides his widow, a brother and sister, a nephew, Mr. Charles P. Virgil, of New York, who has attended his bedside; and his aged father, too, survives him, having passed the ninetieth milestone in life.

The funeral will take place Friday afternoon at two o'clock from the Baptist church.

THE DEATHS.

Those Added to the List Since Yesterday.

The funeral will take place Friday at 1:30 o'clock, from the residence of her son, No. 269 West Washington street, and at 2 o'clock from St. John's Reformed church. Mrs. Neireiter was an estimable Christian lady and had a wide circle of friends.

The infant son of Mr. Nicholas Mattes, of 59 Green street, died this morning of dropsy of the brain.

The seven months' old daughter of Mr. Victor Bobay, of St. Joe township, died this morning. The funeral will take place to-morrow morning at 9 o'clock.

Ursa, the 9 months' old daughter of Mr. Ph. Kuechle, of 129 Wells street, yesterday, of bronchitis. The funeral occurs to-morrow afternoon at 2 o'clock, from the residence.

THE Y. M. C. A.

Received Its New Years Guests in a Handsome Manner.

The New Years reception at the City Y. M. C. A. rooms yesterday, was a very pleasant affair. The ladies received the guests during the latter part of the afternoon and in the evening, and a large number called to extend a New Years' greeting and a God-speed to the noble institution that is doing so much for the young men of our city. An elegant supper was served and the visitors were accorded a pleasant welcome and an enjoyable time.

Wholesale Drugs—Meyer Brothers and Co.

It is scarcely necessary to refer to the old-established drug house of Meyer Bros. & Co. as one of the most stable of Fort Wayne's mercantile firms. They are one of the landmarks here, and since their first establishment, many years ago, their business has grown to mammoth proportions. The firm has a branch house in St. Louis and another at Kansas City, of which the St. Louis concern is the largest. At the latter are employed nearly 200 clerks, and their wholesale trade covers the entire south and southwest. The Kansas City house looks after the west and northwest and the Fort Wayne house sends its agents all through Indiana, Ohio and Michigan, and comes in direct competition with some of the largest houses in the United States. The St. Louis house suffered a considerable loss by fire recently, but so complete are their resources that their business suffered scarcely the slightest interruption thereby.

The railroads commence the new year with bright prospects.

HIPPOLYTE'S ARMY!

Is Marching on Port au Prince—Legitime Will Permit no Foreign Interference in Haytien Politics.

NEW YORK, Jan. 2.—A special from Port au Prince, dated December 31, says: "Articles in the Haytien newspapers contain furious threats against Mr. Thompson, the minister of the United States to Hayti. Many Americans have been arrested, both men and women. The American consulate is filled with refugees. Hippolyte's army is marching on Port au Prince. Legitime was interviewed to-day and he said he would show no clemency to foreigners who interfered in Haytien politics. Legitime stated to me that he 'would shoot 500 if necessary.' The excitement here is intense. The Americans at Port au Prince are in danger of their lives."

CEMETERY IMPROVEMENTS.

Griebel, Wyckoff and Becker, the Leading Marble Dealers in Indiana.

One of the substantial firms in the city, and one which has attained a remarkable growth in the last few years is that of Griebel, Wyckoff & Becker, dealers in marble and granite and manufacturers of tombstones and monuments, on West Main street. When they first took possession of the works, about six years ago, they were run down to the lowest possible point. The stock was low and the reputation of the concern was not the best. The new firm infused new life into the business and they at once commenced building up a trade and reputation, and within a comparatively short time distanced all their competitors in that line of trade, until now they cover sixteen counties in Indiana, and six in Ohio, and are ready to compete with anybody. The firm occupy spacious and commodious premises at the corner of West Main and Cass streets. They manufacture all kinds of plain and decorative work in the choicest qualities of Vermont and Georgia marbles, also granite monuments, tablets, headstones, vases, etc. A specialty is made of every description of cemetery work, and their memorial tablets, etc., are executed from original designs, the firm employing a number of expert designers and the best sculptors in the profession in the execution. A large and varied line of finished monuments and a full stock of marble and granite are carried and the work turned out embodies the highest artistic and mechanical excellence. They also make a specialty of laying tile floors, a number of the finest in the city having been put in by this firm. Among which they refer to the office floors of J. H. Bass, the saloons of Heilbroner & Browu, James Summers and Joe Douglas. They certainly deserve great credit for the energetic manner in which they have pushed themselves to the front until they to-day occupy a position second to none in the state in point of excellence. They stand ready to compete with all and there is no need of seeking outside of the city for fine monumental work so long as the firm of Griebel, Wyckoff & Becker continue in business here.

Notice is hereby given that the firm of Boltz & Anderson, composed of Frederick C. Boltz and John W. Anderson, has been this day dissolved by mutual agreement, Mr. Anderson retiring from the firm. R. A. K. HACKETT, Editor and Proprietor.

WEDNESDAY, JAN. 2, 1889.

THE ministers of the gospel continue to criticise the inaugural ball, and General Harrison finds himself unpleasantly wedged between society and Christianity.

AMONG the military companies mentioned as having engaged quarters at Washington for the inaugural ceremonies on the 4th of March, not a company from Indiana is on the list.

YESTERDAY was the anniversary of the birth of Gen. Anthony Wayne, the warrior whose distinguished name this city bears. Fort Wayne could do no nobler work than rear a monument to his memory.

RELIABLE advices from Washington indicate that on the face of the returns the republicans have secured the Fifty-first congress. The certificates received from all but three districts are for 163 republicans and 159 democrats. Of the missing districts two are in West Virginia and one in Tennessee.

THAT there is a potential negro vote in the north as well as in the south is a fact sharply brought to General Harrison's attention by an organized demand for the appointment of a colored man to a place in his cabinet. Notice is also served that the negro will no longer be content with menial offices, and the republicans have a chance to attest their boasted love for the colored voter.

THE republican state officers have about determined to enter into an ironclad covenant to sign no more petitions in behalf of office seekers. Some of them who don't understand how to say "no" have been indorsing about a dozen applications a day, and they fear that General Harrison is becoming disagreeably familiar with the style of their handwriting. The republican newspapers should moralize on the democratic "greed for office," and in a sly way hit their own party followers.

A WOMAN has entered the race for United States senator in Delaware and she has frightened all other aspirants for Uncle Eli Saulsbury's seat. She is working for her husband, Alden P. Richardson, a member of the state senate, who will not work for himself. He is rich, has a big business and is old enough to care more for rest than for politics, but his wife thinks he is the biggest man in the state and the best fitted to represent the republicans of Delaware. She is apparently causing a great many other people to think just as she does.

MATTERS are rapidly assuming a more acute stage in Samoa and may lead to an open conflict between the German colonists on the one hand and those of the United States and of England on the other. Sanguinary engagements have taken place between the army of the rebel chief, who is openly supported by Germany, and the troops of the rightfully elected king, who is equally openly supported by the Americans and English. No quarter is shown on either side. The rebels are supplied with ammunition and provisions by the Germans, while the king's soldiers are cared for in the same manner by the English and Americans.

STATE SUPERINTENDENT LAFOLLETTE says he understands a bill is to be introduced in the next legislature which will place the office of county superintendent of schools on the same footing as the other county officers, the incumbent to be elected by the people. He regards such a thing as certainly destructive of the usefulness of the office, as it would make it partisan and lead to the election of politicians and place a premium upon dishonesty in the functions of the position. Another bill, too, of which the state superintendent has heard, proposes to abolish the office of county superintendent and in its place put a board of examiners composed of ten or twelve citizens of the county who are not teachers. This he also regards as objectionable, because he does not think ten competent citizens of many counties could be found who would be willing to accept the positions with their annoyances and duties and slight remuneration. Besides, where duties are divided among several persons they are apt to go unattended to.

A Sneeze! A Cough! A Sudden Chill! The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs! That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Then it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

THE GAY TYPOS.

Their Ball Last Evening, at the Morton Club Hall, a Grand Success and Brilliant Event.

The event of the season was the ball given last evening, at the Morton club hall, by Fort Wayne Typographical union No. 78. It was, indeed, a brilliant affair, and looking with the eye of a society prophet through the 363 days of the year that are to follow, it is safe to predict that it will not be eclipsed in the calendar of 1889 by any other organization. The typos of Fort Wayne are famed for their entertaining qualities, and last evening's success added fresh laurels to their name and insures the organization an affectionate place in the memories of the lovers of the merry dance.

Previous to the dancing the type-setting contest came off, and was participated in by three contestants—Messrs Lewis Melsheimer, of THE SENTINEL; Frank Sterheim, of the *Journal*, and Mr. Riley, of the Newspaper Union. Mr. Christ Boseker, of the *Journal*, and Mr. S. D. Melsheimer, of THE SENTINEL, acted as judges. The race lasted half an hour and at its conclusion Mr. Sterheim was declared the winner, the score standing: Sterheim, 700 ems; Melsheimer, 670 ems, and Riley 540 ems.

The grand march was led by Mr. Ed. Cartwright and Miss Lida Boseker, and was participated in by nearly all of th ose present. The dancing which followed was to the sweet strains of music furnished by Stellborn's orchestra, and the time kept by the dancers with the music during the twenty-four numbers following the grand march was as near perfection as possible at a public ball.

The brilliantly lighted hall disclosed to the observor the faces of a large number of pretty and bewitching ladies who displayed their many graces of form and step while being gayly whirled about the room by the gentlemen present.

The sociability of those present did much toward making the assemblage happy, and the ladies and gentlemen mingled freely with each other in their efforts to get their fill of the pleasures of the evening.

The printers were the hosts of the occasion, but this did not deter them for a single instant from whirling around in the mazy waltz, the dizzy polka, the lively schottische and the stately quadrille with the pretty "frames" in their effort to "prove" that they, too, could be "locked up" in the arms of the sweet damsels that desired to be "pressed" in the embrace of the boys who "rule" the desires of the reading public with a "stick," and want to impress on the people of Fort Wayne that they are among the "bourgeois" in anything that they undertake to "lead."

At 3 o'clock the merry party of dancers dispersed to their homes to find sweet rest in the solace given by sleep to those who passed the evening in pleasure, forgetful of the fact, in the excitement of ball room merriment, that tired nature's best comforter is the god, "Morpheus," and that his outstretched arms and soothing hands are always ready to rock to sleep by sweet lullabies his children when they are exhausted through physical and mental exertion.

The following committees had charge of the affair and did their work in a commendable manner:

Arrangement Committee—L. H. Green, J. T. Ferguson, J. F. Winbaugh, E. D. Schieman and A. L. Holverstot.

Floor Committee—W. P. Duffy, G. W. Busse, C. J. Lose, J. F. Winbaugh and E. B. Smith.

Reception Committee—F. M. Leonard, C. E. Archer, W. P. Cooper, Clarence Cook and A. J. Moynihan.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

SIR PERCY SHELLEY has the heart of his father, the poet, which he keeps as a precious relic. The story is that when Shelley's body was cremated his heart was snatched from the flames and preserved.

Hood's Sarsaparilla

Combines, in a manner peculiar to itself, the best blood-purifying and strengthening remedies of the vegetable kingdom. You will find this wonderful remedy effective where other medicines have failed. Try it now. It will purify your blood, regulate the digestion, and give new life and vigor to the entire body.

"Hood's Sarsaparilla did me great good. I was tired out from overwork, and it toned me up." MRS. G. E. SIMMONS, Cohoes, N. Y.

"I suffered three years from blood poison. I took Hood's Sarsaparilla and think I am cured." MRS. M. J. DAVIS, Brockport, N. Y.

Purifies the Blood

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make new over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. SARSAPARILLA, 100 Main Street, New York City.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache should try

MASON & HAMLIN

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with best makers of all countries, they have invariably taken the highest honors. Illustrated catalogues $22 TO $900. free.

ORGANS

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "MASON & HAMLIN PIANO Treatment," by the use of which is secured the greatest possible purity and refinement of tone, together with greatly increased capacity for standing in tune and other important advantages.

PIANOS

A circular, containing testimonials from three hundred purchasers, musicians, and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

MONROEVILLE.

Personal Gossip, News and the Talk at That Lively Town.

Latest thing out—"White Caps."

Rev. Jones filled the pulpit at the Christian church last Sunday.

Phillip Fry, a prosperous farmer of Madison township, has just completed an elegant frame dwelling, which adds greatly to the beauty of his farm.

Amele Guenin, a former resident of this place, but now of Crestline, Ohio, is spending a few days here visiting his parents.

Wm. Diewert contemplates starting a saw mill at this place. He now has all the machinery necessary with the exception of an engine.

Miss Blanch McNally, a belle of Fort Wayne, is visiting here, the guest of friends.

Whitney & Marquardt have purchased a large eighteen horse power traction engine, which will furnish the power to run their separator and saw mill.

A two weeks' revival meeting commences to-night at the Marquardt Evangelic Lutheran church. The meetings will be in charge of Rev. Bowen, of this place.

The frescoing of the new Catholic church is completed and the devotional services are held there regularly. The contract for the pews has been awarded to the Delphos, Ohio, Church Supply company, and will be ready by the middle of March. The edifice will be dedicated next June, at which time the Catholic people of this place expect to have another gala day. The church as it is is one of the neatest little buildings of its kind in northern Indiana.

The teachers of Madison township will hold their second monthly institute on the 12th inst., at the Knouse school, at which time leading educational subjects will be discussed by an able corps of teachers. They send a hearty welcome to all.

A stranger was taken up by Officer Rose and lodged in the reception room of the Monroeville jail. The man is of unsound mind and gives his name as Casper Leffler. He speaks German and broken English, but his home could not be learned from him. Sheriff Viberg took him to the county jail last Sunday to await some calls for this unfortunate man. Sheriff Viberg tells us he cannot be sent to the insane asylum, as the man is not a citizen of this county.

A number of anonymous letters were received by citizens of this place from parties who claim to be associates of the "white caps." This causes much uneasiness to the parties concerned, and much gossip upon the street and in society circles. No clew, so far, can be obtained as to whom the agitators can be; but it is hoped that no law-abiding persons will assist in carrying out their threats in inflicting their rash punishment upon their adversaries. We have a law which can deal honorably with such offenders.

Building improvements at this place, during the past year, have been above the average. The Niezer elevator, one of the finest of the kind in the state, and the magnificent Catholic church and a number of fine dwellings are examples to which we refer. But as yet the dwellings are inadequate to give comfortable homes to the 1,300 inhabitants. McIntosh & Mentzer are building a large and commodious livery barn, which when completed will compare favorably with any building of its kind.

Miss May Shaffer, the daughter of 'Squire Shaffer, of Madison township, was married to Mr. Jay Cline, of Adams county. Miss Shaffer was a teacher in our common schools. The young couple will make their future home in Decatur.

Edmond Drake, a Monroe township school teacher, received an appointment as route agent on the Pittsburg road. One by one our best teachers drop off the list.

Marshal Rose received an official star as a Christmas present from the M. E. Sunday school class. The marshal deserves the compliment.

The boys do not venture out after dark. They are afraid of the night caps, or White Caps.

The Methodist church has been remodeled the past year, and rededication services were conducted last Sunday by the presiding elder, Rev. Kain, of Albion, Ind., in the presence of a large congregation.

Mr. Hugh Stewart, manager of the bargain cash store, has determined to leave Monroeville. Mr. Stewart is feeling for a government official position, so we understand. The bargain cash store is owned by the C. K. Luce Co., wholesale dry goods and notion house, of Toledo, Ohio. All the goods will be sold and the "Cash Bargain" will be a thing of the past.

We are now commencing our eighth year as local correspondent of THE SENTINEL. During that period we have endeavored to be as accommodating to the readers as we could under the circumstances, and we are assured that few, if any, despises to read our local news. It is our aim to give facts which can be substantiated, and not to compromise with dishonesty. We will continue in the future as in the past—by sending occasional letters bearing upon the doings of Monroeville and her people, for we know you wish to be

ENLIGHTENED.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly remarkable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

SENATOR EVARTS has a new hat. He has long been famous for his shocking bad hat, and for many years his well-worn old tile has attracted notice in the streets, and has been a theme of jocularity in the courts. The glossy tile in which he now disports himself is worn too far back on his head, as the old one was, but he thus gives a good display of his Gladstonian brow and Ciceronian features.

Happy Homes.

Much has been written and said about how to make home happy. The moralist and the preacher have hackneyed this theme until it would seem nothing more remained to be said. But the philosophers have gone far out of their way to account for the prevalence of ill assorted couples and unhappy homes, and have over-looked the chief cause. Most of the unhappiness of married life can be traced directly to those functional derangements to which woman are subject. In nine cases out of ten the irritable, dissatisfied and unhappy wife is a sufferer from some "female complaint." A trial of Dr. Pierce's Favorite Prescription will produce more domestic happiness than a million sermons or philosophical treatises. It cures all those peculiar weaknesses and ailments incident to women. It is the only medicine sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. See guarantee printed on wrapper enclosing bottle.

MRS. FRANK LESLIE is responsible for the declaration that the reign of Paris as the mistress of fashions is a an end. London, Mrs. Leslie thinks, will hereafter set the styles for women as well as for men. From present indications, however, the well-known editress is not entirely correct in her estimate, as all of this season's toilets which have yet been shown have come from the Parisian fashion-makers.

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

MRS. HARRIET LANE JOHNSON, who presided over the domestic affairs of the White House during Buchanan's administration, has taken possession of a house in Washington and will spend the winter there.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own in size. He therefore let go his own, and fiercely attacked the other Dog, to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

IT ALWAYS PAYS to hold on to a good thing. People who have tried **Santa Claus Soap** hold on to it because it is good. Some may think that because there are other Soaps that give more in bulk for the money, that they are cheaper; but such bulk is made up with rosin. When quality is sacrificed for quantity, such soap is not cheap at any price. **Santa Claus Soap** is the best, and is sold by all grocers. It is made only by

Seeing is Believing

A "wonderful lamp" it is in all respects. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil;" no gumming up, no leaks, no spattering, no climbing of the flame, no annoyance of any kind, and cannot explode. And then, beside all these advantages, think of a lamp giving a *clear, white light*, 10 to 20 times the size and brilliancy of *any ordinary house lamp!*

"The Gladstone" is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. Every home should have it.

Mr. Thomas Adair, of Columbia City, has been appointed judge of the circuit court of Whitley and Kosciusko counties, to fill the vacancy caused by the resignation of Judge Walter Olds. Governor Gray named his choice over Thomas R. Marshal, of Columbia City, and A. G. Wood, of Warsaw. Mr. Adair will grace the bench. He is an able lawyer a clever gentleman and back of all a true democrat.

During the last year the St. Mary's Catholic congregation have had fifty deaths—twenty-three grown persons and twenty-seven children. Twenty-seven marriages were solemnized, and the ordinance of baptism administered by the pastor to twenty-six persons. There is an indebtedness of $30,000 upon the handsome new church building. These facts were brought out in an able sermon preached yesterday by the pastor, Rev. Oechtering.

Lee Arnold, a farmer of Huntington county, was out in the woods hunting yesterday, and seating himself on a log to rest allowed his gun to lay at his side with the butt nearly in front of him. When ready to continue his wanderings in search of game he grasped the piece by the muzzle and drew it toward him, when a twig or some interfering object caught the hammer or trigger in such a manner as to discharge the heavy load which entered the man's abdomen. He is dead.

The Huntington *Herald* has this personal gossip: "The Misses Mary and Lizzie Mohler went to Fort Wayne today.—Victor and Emma Stevens came back to-day from a visit to their brother, Albert, at Fort Wayne.—Miss Minnie Anderson, of Fort Wayne, came to this city Sunday evening and is being entertained by Miss Clara Kenower, of Matilda street.—Rev. Jones, of Chicago, preached two interesting sermons at the Presbyterian church on Sunday. Rev. T. E. The loss of the steamer Bristol, of the Old Colony line from New York to Boston, announced in THE SENTINEL telegraphic columns, will be regretted by many Fort Wayne people who have been carried up and down the Sound by the magnificent boat during their summer excursions to the east. The Pilgrim and the Puritan remain, however, Of all the boats the Bristol was for years the favorite, and its splendid brass band, its elegant fittings and its speed will not be forgotten, even though its charred and shapeless hull lies deserted in a North river slip—a playground for dock rats and a terror to timid children.

Frrzier Coulter and Harry Harwood, together wiih Grace Thorne Coulter, who is a daughter of Charles Thorne, are numbered among the support.

The ball and banquet to be given by the Commercial Travelers' association next Friday and Saturday, at Tomlinson hall, Indianapolis, bids fair to rival the demonstrations of the inauguration in that city a few days later, although the festivities of the travelers are confined to their own members. HE IS AT THE FRONT.

Mr. James D. Madden Leads All Competitors in the Plumbing and Gas Fitting Business.

Sanitary plumbing is becoming one of the most, if not the most important branch of the business and is a matter which should not be underrated, as the health of the people greatly depends on the manner in which it is done. The interest manifested everywhere in the subject, and its acknowledged importance, necessitates constant vigilance on the part of plumbers who wish to understand the scientific side of the question, and keep abreast of the requirements of the age in these matters. The people of Fort Wayne are to be congratulated that in the person oi James D. Madden, plumber, steam and gas fitter, No. 101 Calhoun street, they have a man who fulfills all the requirements above stated.

The store and shop of this firm are 20x80 feet, and Mr. Madden is thoroughly equipped for doing all kinds of work required by the trade. He has a full line of plumbing goods, including faucets, stopcocks, basins, bathing apparatus, closet fixtures, lead, iron and brass pipes, range boilers, drain pipes, etc. He also carries a full line of Oxley, Giddings & Enos gas fixtures. Mr. Madden does the very highest grade of work, which includes house draining, ventilation, hot water and steam heating, and the fitting of various sanitary appliances. This department has been made a specialty, and the work done is guaranteed. Although this enterprising house is but a recent addition to Fort Wayne's multiplying industries, yet the number of fine jobs and big contracts he has executed, and the satisfaction his work has given, establishes beyond a doubt his claim as a skillful and scientific workman.

Among the larger contracts in the city which Mr. Madden has superitended are the plumbing work done in the Government Building, the Young Men's Christian Association building, St. Mary's church, the residences of Gus Lordier, Solomon Rothschild, and a brick hotel at LaGrange, the residences of James Kine, Jacob Boos, and the Beppus block at Huntington, the residence of J. A. Smith, at Decatur, and the Wells county bank at Bluffton. Besides these he has filled a large number of contracts in outside towns, and at Huntington he has done most of the work during the past year, and has a number of other important contracts there now under way and in course of completion.

Mr. Madden makes a specialty of that portion of the business known as house drainage and practices the Durham system which is acknowledged to be the best in the world. This particular branch has risen above the common plane of a trade and can be dignified by the term of a science. There is a wide distinction between ordinary plumbing and scientific drainage which can best be explained to those who have given the subject no particular thought by defining the two terms as affixed to the plumber's art.

Drainage includes the drains, soil, pipes, waste-pipe from basins, bath-sinks, etc., and trap ventilating pipes for prevention of siphonage.

Plumbing includes hot and cold water circulation pipes and the setting and attaching of fixtures.

A permanently perfect system of drainage is a vital necessity. Defective plumbing causes annoyance and expense, but may not be detrimental to health.

The Durham system may be broadly described as a combination of scientific design, proper materials, and correct mechanical construction. The result attained is a system of pipes which are independent of the building for support, which cannot be cracked or broken, and whose joints are permanently gag-tight beyond the shadow of doubt. Proper mechanical construction is the foundation of good drainage. The Durham system is a drainage apparatus constructed with wrought-iron steam pipe and heavy cast iron fittings of special shapes, screwed together. This apparatus, when erected in a building, is steam tight, elastic under pressure, and at all points absolutely invulnerable; it will last, unimpaired, as long as any building will stand, without any outlay for repairs.

Mr. Madden makes another specialty, of that water-heating apparatus for warming residences, churches, schools public buildings by hot water circulations. He is the local agent for the "Perfect" hot water heater, manufactured by the Richardson & Boynton company, which is regarded as the best before the public.

Scientists and heating engineers acknowledge that the heat from hot water is far more agreeable and healthful than from steam, and is the preferred one of the two systems of heating. Medical experts, who have investigated the subject from a health standpoint, pronounce it superior in all respects to steam as a mode of heating. The interest manifested in hot water heating by architects, heating engineers, and the public generally, and the demand for a heater and system which would, if properly applied, give entire satisfaction in all cases, maintaining a uniform temperature in all parts of the building, regardless of the variations of temperature of the outer atmosphere, led to the making of extensive and costly experiments, covering a number of years, which resulted in the production of the "Perfect Hot Water Heater," above referred to.

Mr. Madden has but recently acquired the agency of this new and perfected system which can be seen in operation daily at his place of business to which he invites all persons who desire to see this perfect heating appliance.

Mr. Madden is a member of the National Plumbers' Protective Association, and is regarded as an authority in his trade.

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, scaly, and burning Eczemas are cured by the Cuticura Remedies, when physicians and all other remedies fail.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended concluded to give them a trial, using the Cuticura and Cuticura Soap externally, and Resolvent internally for four months. I call myself cured, in gratitude for which I make this public statement.

MRS. CLARA A. FREDERICK.
Broad Brook, Conn.

Eczema Three Years Cured.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Resolvent.

J. W. ADAMS, Newark, O.

Eczema on Baby Cured.

My baby has been troubled with eczema on his face, neck, head, ears, and entire body. He was one mass of scabs, and we were obliged to tie his hands to prevent his scratching. I have spent dollars on remedies without effect, but after using one box of Cuticura and one cake of Cuticura Soap, the child is entirely cured. I cannot thank you enough for them.

F. W. BROWN,
12 Mull St., Brooklyn, E. D., N. Y.

Eczema on Hands Cured.

Two years and a half ago Salt Rheum broke out on my right hand. It appeared in white blisters, attended by terrible itching, and gradually spread until it covered the entire back of the hand. The disease next appeared on my left hand. I tried many remedies, but could find no cure until I obtained the Cuticura Remedies, which effected a speedy and permanent cure.

A WORD ABOUT CATARRH.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established it ears into t e very vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelops the bones, eating through the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a fatal termination. Sanford's Radical Cure, by inhalation and by internal administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly driven out."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, neatly wrapped in one package, with full directions; price, $1.00.

COMPANY.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

Wants $10,000 Damages From Two Roads.

LOGANSPORT, Ind., Jan. 2.—Joseph E. Snell, a traveling salesman, filed a damage suit in the circuit court against the Wabash and Western and Lake Erie and Western railway companies for $10,000 for injuries received at Denver, Ind., October 31.

Mr. J. Schrader, a Bookkeeper at 11 German St., Baltimore, Md., states:—"I've used Salvation Oil for rheumatism from which I've suffered greatly for a long while and can say it entirely relieved me. I would not be without it at any cost."

WASHINGTON, Jan. 2.—Indiana—Fair, slightly warmer."

The Troy Steam Laundry

Asks no bonus, for we are no struggling industry soliciting alms, but we do ask for a broader recognition of our merits as a considerable factor among the working enterprises of this growing city.

We employ the best skilled citizen labor, selected from a wide variety of applicants, and are not scant in our compensation of the same. Our work is clear, clean, white and pliable and is as great a contrast to the looking-glass finish, yellow, hard and brittle of John Chinaman, as a well conducted home business giving employment to fifty citizens and support to half as many families is a notable contrast to the half-fledged, ill-looking, unclean shanties that go under the name of Chinese joints. We invite a critical examination of our premises and methods, and ask for nothing that we have not honestly worked for. Our offices are conveniently located in different par of the city and our wagons are running continually and will answer any calls promptly. Telephone No. 160.

Very truly,

AT WORK AGAIN.

Both Houses of the National Legislature Convene After the Holiday Vacation.

WASHINGTON, Jan. 2.—There was more than a quorum of senators present when the chaplain delivered his opening prayer.

Among the petitions and memorials presented and referred were: By Edmunds, from a branch of the woman's relief board at Salt Lake City, remonstrating against any action of congress looking to the admission of Utah as a state; Mr. Edmunds said he was happy to think there was not much danger of any such action this session. By Hoar, to prohibit disfranchisement on account of sex. By Hale, in favor of including in the next census statistics of the surviving soldiers of the late war.

Mr. Hoar offered a resolution, which was agreed to, calling on the president for copies of the correspondence with the government of Great Britain in regard to the right of fishing, taking seals or navigating in the Behring sea or adjacent waters, and to the seizure and release of British steamships. The senate then resumed consideration of the tariff bill.

HOUSE.

Not more than seventy-five members were in attendance when Speaker Carlisle called the house to order at noon to-day. A bill was passed granting an annual leave of absence of thirty days to the employes of the bureau of engraving and printing, instead of fifteen as at present.

STRIKERS THREATEN TROUBLE.

Lake Erie and Western Switchmen in Lima Will Let No Cars Run.

LIMA, O., Jan. 2.—The strike of the Lake Erie and Western switchmen is assuming a serious aspect. Every freight except those bearing perishable goods and live stock were stopped here and the engines run into the roundhouse.

An attempt was made yesterday to take out a freight train which came in from the west, but the strikers threw open the switches and prevented it from going out. The engineers sympathize with the strikers and say that if necessary they will join them. The switchmen at Fostoria and Findlay quit work yesterday and trouble is threatened all along the line.

THE LOCOMOTIVE ENGINEERS.

The Brotherhood Will Continue the Support of the Strikers.

CHICAGO, Ill., Jan. 2.—A. R. Cavaner, chairman of the general grievance committee of the Brotherhood of Locomotive Engineers, said to a reporter last night: "Many of the statements made recently have been erroneous. The Brotherhood men were never so enthusiastically in favor of continuing the support of the strikers as at present. The support will continue indefinitely, unless the strike be declared off. Again, there is no dissatisfaction with Chief Arthur's management of the strike.

JOURNALISTIC CHANGE.

Mr. Frank Leonard Retires from the Gazette and Mr. Shober Succeeds.

This week Mr. Frank Leonard resigns as associate editor of the *Gazette* and will return to Butte City, Mont., to engage in journalistic pursuits. His health and the health of Mrs. Leonard impels the change. Since his coming to Fort Wayne Mr. Leonard has made a host of friends and won lasting fame in the newspaper field. He is personally popular, and regrets and well wishes go with him.

Mr. Leonard will be succeeded by Mr. Gart Shober, a local newspaper writer of acknowledged ability and every qualification for a successful journalist, backed by a wide acquaintance and a corresponding circle of friends.

Mr. N. R. Leonard will continue as editor-in chief, with Mr. Shober as associate editor, and Mr. Mohler as city editor.

A Clean Break.

NASHVILLE, Jan. 2.—Goodale, Pile & James made an assignment to-day. No preferred preferences. Liabilities, $92,000; assets, $110,000. Each member of the firm assigned all his individual property for the benefit of the firm's debts. It is regarded as a clean break.

Death of a Maine Lady.

LEWISTON, Maine, Jan. 2.—Mrs. Oliver Spear, wife of ex-Governor Garcelon, died this morning. Mrs. Garcelon's sister, Mrs. Senator Frye, has been with her for the last few days. Senator Frye will return to Washington Saturday.

FOREIGN LETTERS.

A Plan to Have Our Letters Carried Across the Ocean for a Penny.

LONDON, Jan. 2.—Mr. John Henniker Heaton, M. P., has accepted an invitation to visit the United States early this year. He expects while there to appear before congress in advocacy of ocean penny postage, and much of the time of his visit will be devoted to furthering cheap postage. His idea is that as letters are now carried long distances by rail at a penny rate, with profit to the postoffice departments of England and the United States, a penny postage between England and America would be perfectly feasible.

THE ECLIPSE.

It Was Seen to Advantage on the Pacific Coast.

The envious moon began the new year yesterday by attempting to obscure the sun from our vision during the latter part of the afternoon. It placed itself between the earth and the sun and produced what is called a solar eclipse.

Though there occur seventy such eclipses in the course of the century the obstacles in the way of perfect observations have been so great that scientists at every eclipse discover some new feature attendant upon the phenomenon. So often do clouds intervene or so often does the track in which the period of total obscurity may be seen lie on the oceans that the eclipse has been observed but little. Thus it is that at every eclipse observers are anxious for cloudless skies and a fair vantage ground.

Yesterday astronomers were favored in this respect and a large number of eminent scholars observed the phenomenon on the Pacific coast, where Old Sol hid his face from the residents. In this locality people were out with smoked glasses to observe the sight and many were disappointed, for the eclipse was only slight to the observers here.

OUR MONEY.

The Money Collected for the State in Allen County—Paying Off the Debt.

County Treasurer Mowrer, with his deputy, Mr. Cas Hunter, will go to Indianapolis to-morrow, to settle with the state treasurer and make his annual payments. The apportionment includes $14,162.58 for the state tax fund; $1,958 for the state house fund; $18,862.65 for the school fund; $550.44 for the state university fund; $2,475.41 for school fund interest; $28 from circuit court docket fees, making a total fund collected for the state in Allen county of $36,008.06, a pretty snug sum.

The treasurer also paid off to-day $15,000 of the county bonded debt, and paid $4,625 interest on the remaining bonds. The county debt is being steadily wiped out according to democratic promises.

HOPKINS' PARDON.

It Seems to Get to the Anxious Prisoner Very Slowly—It Left Washington To-Day.

WASHINGTON, Jan. 2.—The warrant for the pardon of Benjamin F. Hopkins, of the Fidelity National bank of Cincinnati, was still at the department of state at 2 o'clock to-day. It was said that it would be sent to the attorney general this afternoon for transmission to the warden of the Ohio penitentiary. The president granted the application for pardon in this case December 21st and he signed the warrant on the 26th. It was returned to the state department the following morning. It then needed only the signature of the secretary of state and the seal of the United States to be a complete document. There is no explanation for the apparent delay, other than the one that the papers must have been overlooked.

"Speaking of old times," said one of the old soldiers at the Pittsburg works this morning to our reporter, "you might say that twenty-four years ago to-day Jim Sloan, the clerk in the machine shop, was at Atlanta, Ga., with the army. He was seen climbing a persimmon tree for the purpose of practising for the grand whistling match which came off at Atlanta a few days afterward. Since then he has never whistled again."

DR. VIRGIL.

Death of a Prominent Fort Wayne Physician Last Night.

Last night, at 11:20 o'clock, Dr. Thomas S. Virgil died at his home, on Harrison street, from a complication of diseases that broke him completely down. His brain was weakened, his kidneys deranged and his pulmonary organs were affected, so sorely, indeed, that last week he was seized with a hemorrhage, which continued seventy-two hours and from it he never rallied.

Dr. Virgil was born at Chesnunt, Pa., on the 23d day of May, 1832. He was educated at the Albany Medical college and graduated in 1857. He practiced his profession at Rome and Cape Vincent, N. Y., for twelve years and twenty years ago he came to Fort Wayne. He has been in his day a very successful practitioner and enjoyed a reputation as one of the best physicians in the state.

His prominence and popularity continued until some five years ago, when his health failed, and two years ago he had to relinquish his profession, having suffered a stroke of paralysis.

He leaves, besides his widow, a brother and sister, a nephew, Mr. Charles P. Virgil, of New York, who has attended his bedside; and his aged father, too, survives him, having passed the ninetieth milestone in life.

The funeral will take place Friday afternoon at two o'clock from the Baptist church.

THE DEATHS.

The funeral will take place Friday at 1:30 o'clock, from the residence of her son, No. 209 West Washington street, and at 2 o'clock from St. John's Reformed church. Mrs. Noireiter was an estimable Christian lady and had a wide circle of friends.

The infant son of Mr. Nicholas Mattes, of 50 Green street, died this morning of dropsy of the brain.

The seven months' old daughter of Mr. Victor Bobay, of St. Joe township, died this morning. The funeral will take place to-morrow morning at 9 o'clock.

Urea, the 9 months' old daughter of Mr. Ph. Kuschle, of 129 Wells street, yesterday, of bronchitis. The funeral occurs to-morrow afternoon at 2 o'clock, from the residence.

THE Y. M. C. A.

Received Its New Years Guests in a Handsome Manner.

The New Years reception at the City Y. M. C. A. rooms yesterday, was a very pleasant affair. The ladies received the guests during the latter part of the afternoon and in the evening, and a large number called to extend a New Years' greeting and a God-speed to the noble institution that is doing so much for the young men of our city. An elegant supper was served and the visitors were recorded a pleasant welcome and an enjoyable time.

Wholesale Drugs—Meyer Brothers and Co.

It is scarcely necessary to refer to the old-established drug house of Meyer Bros. & Co. as one of the most stable of Fort Wayne's mercantile firms. They are one of the landmarks here, and since their first establishment, many years ago, their business has grown to mammoth proportions. The firm has a branch house in St. Louis and another at Kansas City, of which the St. Louis concern is the largest. At the latter are employed nearly 200 clerks, and their wholesale trade covers the entire south and southwest. The Kansas City house looks after the west and northwest and the Fort Wayne house sends its agents all through Indiana, Ohio and Michigan, and comes in direct competition with some of the largest houses in the United States. The St. Louis house suffered a considerable loss by fire recently, but so complete are their resources that their business suffered scarcely the slightest interruption thereby.

The railroads commence the new year with bright prospects.

HIPPOLYTE'S ARMY!

Is Marching on Port au Prince—Legitime Will Permit no Foreign Interference in Haytien Politics.

NEW YORK, Jan. 2.—A special from Port au Prince, dated December 31, says: "Articles in the Haytien newspapers contain furious threats against Mr. Thompson, the minister of the United States to Hayti. Many Americans have been arrested, both men and women. The American consulate is filled with refugees. Hippolyte's army is marching on Port au Prince. Legitime was interviewed to-day and he said he would show no clemency to foreigners who interfered in Haytien politics. Legitime stated to me that he 'would shoot 500 if necessary.' The excitement here is intense. The Americans at Port au Prince are in danger of their lives."

CEMETERY IMPROVEMENTS.

Griebel, Wyckoff and Becker, the Leading Marble Dealers in Indiana.

One of the substantial firms in the city, and one which has attained a remarkable growth in the last few years is that of Griebel, Wyckoff & Becker, dealers in marble and granite and manufacturers of tombstones and monuments, on West Main street. When they first took possession of the works, about six years ago, they were run down to the lowest possible point. The stock was low and the reputation of the concern was not the best. The new firm infused new life into the business and they at once commenced building up a trade and reputation, and within a comparatively short time distanced all their competitors in that line of trade, until now they cover sixteen counties in Indiana, and six in Ohio, and are ready to compete with anybody. The firm occupy spacious and commodious premises at the corner of West Main and Cass streets. They manufacture all kinds of plain and decorative work in the choicest qualities of Vermont and Georgia marbles, also granite monuments, tablets, headstones, vases, etc. A specialty is made of every description of cemetery work, and their memorial tablets, etc., are executed from original designs, the firm employing a number of expert designers and the best sculptors in the profession in the execution. A large and varied line of finished monuments and a full stock of marble and granite are carried and the work turned out embodies the highest artistic and mechanical excellence. They also make a specialty of laying tile floors, a number of the finest in the city having been put in by this firm. Among which they refer to the office floors of J. H. Bass, the saloons of Heilbroner & Brown, James Summers and Joe Douglas. They certainly deserve great credit for the energetic manner in which they have pushed themselves to the front until they to-day occupy a position second to none in the state in point of excellence. They stand ready to compete with all and there is no need of seeking outside of the city for fine monumental work so long as the firm of Griebel, Wyckoff & Becker continue in business here.

R. A. K. HACKETT, Editor and Proprietor.

WEDNESDAY, JAN. 2, 1889.

THE ministers of the gospel continue to criticise the inaugural ball, and General Harrison finds himself unpleasantly wedged between society and Christianity.

AMONG the military companies mentioned as having engaged quarters at Washington for the inaugural ceremonies on the 4th of March, not a company from Indiana is on the list.

YESTERDAY was the anniversary of the birth of Gen. Anthony Wayne, the warrior whose distinguished name this city bears. Fort Wayne could do no nobler work than rear a monument to his memory.

RELIABLE advices from Washington indicate that on the face of the returns the republicans have secured the Fifty-first congress. The certificates received from all but three districts are for 163 republicans and 159 democrats. Of the missing districts two are in West Virginia and one in Tennessee.

THAT there is a potential negro vote in the north as well as in the south is a fact sharply brought to General Harrison's attention by an organized demand for the appointment of a colored man to a place in his cabinet. Notice is also served that the negro will no longer be content with menial offices, and the republicans have a chance to attest their boasted love for the colored voter.

THE republican state officers have about determined to enter into an ironclad covenant to sign no more petitions in behalf of office seekers. Some of them who don't understand how to say "no" have been indorsing about a dozen applications a day, and they fear that General Harrison is becoming disagreeably familiar with the style of their handwriting. The republican newspapers should moralize on the democratic "greed for office," and in a sly way hit their own party followers.

A WOMAN has entered the race for United States senator in Delaware and she has frightened all other aspirants for Uncle Eli Saulsbury's seat. She is working for her husband, Alden P. Richardson, a member of the state senate, who will not work for himself. He is rich, has a big business and is old enough to care more for rest than for politics, but his wife thinks he is the biggest man in the state and the best fitted to represent the republicans of Delaware. She is apparently causing a great many other people to think just as she does.

MATTERS are rapidly assuming a more acute stage in Samoa and may lead to an open conflict between the German colonists on the one hand and those of the United States and of England on the other. Sanguinary engagements have taken place between the army of the rebel chief, who is openly supported by Germany, and the troops of the rightfully elected king, who is equally openly supported by the Americans and English. No quarter is shown on either side. The rebels are supplied with ammunition and provisions by the Germans, while the king's soldiers are cared for in the same manner by the English and Americans.

STATE SUPERINTENDENT LAFOLLETTE says he understands a bill is to be introduced in the next legislature which will place the office of county superintendent of schools on the same footing as the other county officers, the incumbent to be elected by the people. He regards such a thing as certainly destructive of the usefulness of the office, as it would make it partisan and lead to the election of politicians and place a premium upon dishonesty in the functions of the position. Another bill, too, of which the state superintendent has heard, proposes to abolish the office of county superintendent and in its place put a board of examiners composed of ten or twelve citizens of the county who are not teachers. This he also regards as objectionable, because he does not think ten competent citizens of many counties could be found who would be willing to accept the positions with their annoyances and duties and slight remuneration. Besides, where duties are divided among several persons they are apt to go unattended to.

A Sneeze! A Cough! A Sudden Chill! The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs! That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Then it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. Oldeodtm-wecw15t

THE GAY TYPES.

Their Ball Last Evening, at the Morton Hall, a Grand Success and Brilliant Event.

The event of the season was the ball given last evening, at the Morton club hall, by Fort Wayne Typographical union No. 78. It was, indeed, a brilliant affair, and looking with the eye of a society prophet through the 363 days of the year that are to follow, it is safe to predict that it will not be eclipsed in the calendar of 1889 by any other organization. The types of Fort Wayne are famed for their entertaining qualities, and last evening's success added fresh laurels to their name and insures the organization an affectionate place in the memories of the lovers of the merry dance.

Previous to the dancing the typesetting contest came off, and was participated in by three contestants—Messrs Lewis Melsheimer, of THE SENTINEL; Frank Sterlheim, of the *Journal*, and Mr. Riley, of the Newspaper Union. Mr. Christ Boseker, of the *Journal*, and Mr. S. D. Melsheimer, of THE SENTINEL, acted as judges. The race lasted half an hour and at its conclusion Mr. Sterheim was declared the winner, the score standing: Sterheim, 700 ems; Melsheimer, 670 ems, and Riley 540 ems.

The grand march was led by Mr. Ed. Cartwright and Miss Lida Boseker, and was participated in by nearly all of th ose present. The dancing which followed was to the sweet strains of music furnished by Stellborn's orchestra, and the time kept by the dancers with the music during the twenty-four numbers following the grand march was as near perfection as possible at a public ball.

The brilliantly lighted hall disclosed to the observer the faces of a large number of pretty and bewitching ladies who displayed their many graces of form and step while being gayly whirled about the room by the gentlemen present.

The sociability of those present did much toward making the assemblage happy, and the ladies and gentlemen mingled freely with each other in their efforts to get their fill of the pleasures of the evening.

The printers were the hosts of the occasion, but this did not deter them for a single instant from whirling around in the mazy waltz, the dizzy polka, the lively schottische and the stately quadrille with the pretty "frames" in their effort to "prove" that they, too, could be "locked up" in the arms of the sweet damsels that desired to be "pressed" in the embrace of the boys who "rule" the desires of the reading public with a "stick," and want to impress on the people of Fort Wayne that they are among the "bourgeois" in anything that they undertake to "lead."

At 3 o'clock the merry party of dancers dispersed to their homes to find sweet rest in the solace given by sleep to those who passed the evening in pleasure, forgetful of the fact, in the excitement of ball room merriment, that tired nature's best comforter is the god, "Morpheus," and that his outstretched arms and soothing hands are always ready to rock to sleep by sweet lullabies his children when they are exhausted through physical and mental exertion.

The following committees had charge of the affair and did their work in a commendable manner:

Arrangement Committee—L. H. Green, J. T. Ferguson, J. F. Winbaugh, E. D. Schieman and A. L. Holverstot.

Floor Committee—W. P. Duffy, G. W. Busse, C. J. Lose, J. F. Winbaugh and E. B. Smith.

Reception Committee—F. M. Leonard, C. E. Archer, W. P. Cooper, Clarence Cook and A. J. Moynihan.

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

SIR PERCY SHELLEY has the heart of his father, the poet, which he keeps as a precious relic. The story is that when Shelley's body was cremated his heart was snatched from the flames and preserved.

Hood's Sarsaparilla

Combines, in a manner peculiar to itself, the best blood-purifying and strengthening remedies of the vegetable kingdom. You will find this wonderful remedy effective where other medicines have failed. Try it now. It will purify your blood, regulate the digestion, and give new life and vigor to the entire body.

"Hood's Sarsaparilla did me great good. I was tired out from overwork, and it toned me up." Mrs. G. E. SIMMONS, Cohoes, N. Y.

"I suffered three years from blood poison. I took Hood's Sarsaparilla and think I am cured." Mrs. M. J. DAVIS, Brockport, N. Y.

Purifies the Blood

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. F. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla heals all others, and is worth its weight in gold." I. BARRINGTON, 236 Rank Street, New York City.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 252 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lawis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykens, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 28 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for nine years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache, don't try

MASON & HAMLIN

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the exceptional excellence of their organs, the fact that in all of the great World's Exhibitions, since that of 1867, they have received the highest honors that were awarded to any competitive exhibit, while the other makers of all countries have received but few of these honors. Illustrated catalogues SENT FREE.

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high position achieved by other leading makers in the use of piano building, but still claim superiority for their pianos, which they attribute solely to the remarkable improvements introduced by them in the year 1880, and now known as the "Mason & Hamlin Piano." Possessing all the musical excellences of the best pianos of other makers, with many special points of merit peculiar to themselves, these pianos have met with greatly increased favor. SEND FOR CIRCULAR, containing the latest information about these pianos, and containing testimonials from those who have purchased them, and from well known musicians, including many of the most noted artists who have used the Mason & Hamlin Pianos, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments, also for rental.

MONROEVILLE.

Personal Gossip, News and the Talk at That Lively Town.

Latest thing out—"White Caps."

Rev. Jones filled the pulpit at the Christian church last Sunday.

Phillip Fry, a prosperous farmer of Madison township, has just completed an elegant frame dwelling, which adds greatly to the beauty of his farm.

Amele Guenin, a former resident of this place, but now of Crestline, Ohio, is spending a few days here visiting his parents.

Wm. Diewert contemplates starting a saw mill at this place. He now has all the machinery necessary with the exception of an engine.

Miss Blanch McNally, a belle of Fort Wayne, is visiting here, the guest of friends.

Whitney & Marquardt have purchased a large eighteen horse power traction engine, which will furnish the power to run their separator and saw mill.

A two weeks' revival meeting commences to-night at the Marquardt Evangelic Lutheran church. The meetings will be in charge of Rev. Bowen, of this place.

The frescoing of the new Catholic church is completed and the devotional services are held there regularly. The contract for the pews has been awarded to the Delphos, Ohio, Church Supply company, and will be ready by the middle of March. The edifice will be dedicated next June, at which time the Catholic people of this place expect to have another gala day. The church as it is is one of the neatest little buildings of its kind in northern Indiana.

The teachers of Madison township will hold their second monthly institute on the 12th inst., at the Knouse school, at which time leading educational subjects will be discussed by an able corps of teachers. They send a hearty welcome to all.

A stranger was taken up by Officer Rose and lodged in the reception room of the Monroeville jail. The man is of unsound mind and gives his name as Casper Loffler. He speaks German and broken English, but his home could not be learned from him. Sheriff Viberg took him to the county jail last Sunday to await some exalts for this unfortunate man. Sheriff Viberg tells us he cannot be sent to the insane asylum, as the man is not a citizen of this county.

A number of anonymous letters were received by citizens of this place from parties who claim to be associates of the "white caps." This causes much uneasiness to the parties concerned, and much gossip upon the street and in society circles. No clew, so far, can be obtained as to whom the agitators can be; but it is hoped that no law-abiding persons will assist in carrying out their threats in inflicting their rash punishment upon their adversaries. We have a law which can deal honorably with such offenders.

Building improvements at this place, during the past year, have been above the average. The Nezor elevator, one of the finest of the kind in the state, and the magnificent Catholic church and a number of fine dwellings are examples to which we refer. But as yet the dwellings are inadequate to give comfortable homes to the 1,300 inhabitants. McIntosh & Mentzer are building a large and commodious livery barn, which when completed will compare favorably with any building of its kind.

Miss May Shaffer, the daughter of Squire Shaffer, of Madison township, was married to Mr. Jay Cline, of Adams county. Miss Shaffer was a teacher in our common schools. The young couple will make their future home in Decatur.

Edmund Drake, a Monroe township school teacher, received an appointment as route agent on the Pittsburg road. One by one our best teachers drop off the list.

Marshal Rose received an official star as a Christmas present from the M. E. Sunday school class. The marshal deserves the compliment.

The boys do not venture out after dark. They are afraid of the night caps, or White Caps.

The Methodist church has been remodeled the past year, and rededication services were conducted last Sunday by the presiding elder, Rev. Kain, of Albion, Ind., in the presence of a large congregation.

Mr. Hugh Stewart, manager of the bargain cash store, has determined to leave Monroeville. Mr. Stewart is feeling for a government official position, so we understand. The bargain cash store is owned by the C. K. Lace Co., wholesale dry goods and notion house, of Toledo, Ohio. All the goods will be sold and the "Cash Bargain" will be a thing of the past.

We are now commencing our eighth year as local correspondent of THE SENTINEL. During that period we have endeavored to be as accommodating to the readers as we could under the circumstances, and we are assured that few, if any, despises to read our local news. It is our aim to give facts which can be substantiated, and not to compromise with dishonesty. We will continue in the future as in the past—by sending occasional letters bearing upon the doings of Monroeville and her people, for we know you wish to be

ENLIGHTENED.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly remarkable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood. If you suffer from catarrh, try Hood's Sarsaparilla, the peculiar medicine.

SENATOR EVARTS has a new hat. He has long been famous for his shocking bad hat, and for many years his well-worn old tile has attracted notice in the streets, and has been a theme of jocularity in the courts. The glossy tile in which he now disports himself is worn too far back on his head, as the old one was, but he thus gives a good display of his Gladstonian brow and Ciceronian features.

Happy Hoosier.

Much has been written and said about how to make home happy. The moralist and the preacher have hackneyed this theme until it would seem nothing more remained to be said. But the philosophers have gone far out of their way to account for the prevalence of ill assorted couples and unhappy homes, and have over-looked the chief cause. Most of the unhappiness of married life can be traced directly to those functional derangements to which woman are subject. In nine cases out of ten the irritable, dissatisfied and unhappy wife is a sufferer from some "female complaint." A trial of Dr. Pierce's Favorite Prescription will produce more domestic happiness than a million sermons or philosophical treatises. It cures all those peculiar weaknesses and ailments incident to women. It is the only medicine sold by druggists, under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money will be refunded. See guarantee printed on wrapper enclosing bottle.

MRS. FRANK LESLIE is responsible for the declaration that the reign of Paris as the mistress of fashions is at an end. London, Mrs. Leslie thinks, will hereafter set the styles for women as well as for men. From present indications, however, the well-known editress is not quite correct in her estimate, as all of this season's toilets which have yet been shown have come from the Parisian fashion-makers.

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

MRS. HARRIET LANE JOHNSON, who presided over the domestic affairs of the White House during Buchanan's administration, has taken possession of a house in Washington and will spend the winter there.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own, and fiercely attacked the other Dog, to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

IT ALWAYS PAYS to hold on to a good thing. People who have tried **Santa Claus Soap** hold on to it because it is good. Some may think that because there are other Soaps that give more in bulk for the money, that they are cheaper; but such bulk is made up with rosin. When quality is sacrificed for quantity, such soap is not cheap at any price. **Santa Claus Soap** is the best, and is sold by all grocers. It is made only by

Mr. Thomas Adair, of Columbia City, has been appointed judge of the circuit court of Whitley and Kosciusko counties, to fill the vacancy caused by the resignation of Judge Walter Olds. Governor Gray named his choice over Thomas B. Marshal, of Columbia City, and A. G. Wood, of Warsaw. Mr. Adair will grace the bench. He is an able lawyer a clever gentleman and back of all a true democrat.

During the last year the St. Mary's Catholic congregation have had fifty deaths—twenty-three grown persons and twenty-seven children. Twenty-seven marriages were solemnized, and the ordinance of baptism administered by the pastor to twenty-six persons. There is an indebtedness of $30,000 upon the handsome new church building. These facts were brought out in an able sermon preached yesterday by the pastor, Rev. Oechtering.

Lee Arnold, a farmer of Huntington county, was out in the woods hunting yesterday, and seating himself on a log to rest allowed his gun to lay at his side with the butt nearly in front of him. When ready to continue his wanderings in search of game he grasped the piece by the muzzle and drew it toward him, when a twig or some interfering object caught the hammer or trigger in such a manner as to discharge the heavy load which entered the man's abdomen. He is dead.

The Huntington *Herald* has this personal gossip: "The Misses Mary and Lizzie Mohler went to Fort Wayne today.—Victor and Emma Stevens came back to-day from a visit to their brother, Albert, at Fort Wayne.—Miss Minnie Anderson, of Fort Wayne, came to this city Sunday evening and is being entertained by Miss Clara Konower, of Matilda street.—Rev. Jones, of Chicago, preached two interesting sermons at the Presbyterian church on Sunday. Rev. T. E. Montgomery, the regular pastor, was absent from the city, having filled the pulpit of the Third Presbyterian church at Fort Wayne."

The loss of the steamer Bristol, of the Old Colony line from New York to Boston, announced in THE SENTINEL telegraphic columns, will be regretted by many Fort Wayne people who have been carried up and down the Sound by the magnificent boat during their summer excursions to the east. The Pilgrim and the Puritan remain, however. Of all the boats the Bristol was for years the favorite, and its splendid brass band, its elegant fittings and its speed will not be forgotten, even though its charred and shapeless hull lies deserted in a North river slip—a playground for dock rats and a terror to timid children.

Fred Bryton, the romantic actor, who captivated "Nym Crinkle," the celebrated New York *Mirror* critic, by his fervid impersonation of the reformed gambler, will open at the Temple tomorrow night in "Forgiven," which has heretofore been seen to good advantage in this city. Frazier Coulter and Harry Harwood, together with Grace Thorne Coulter, who is a daughter of Charles Thorne, are numbered among the support.

The ball and banquet to be given by the Commercial Travelers' association next Friday and Saturday, at Tomlinson hall, Indianapolis, bids fair to rival the demonstrations of the inauguration in that city a few days later, although the festivities of the travelers are confined to their own members. Seventy-five couples are reported as coming from Evansville, fifty copies from Terre Haute, a like number from Lafayette, and proportionate delegations from Richmond, Frankfort, Rushville, Logansport, Fort Wayne and other cities and towns throughout the state.

BE IS AT THE FRONT.

Mr. James D. Madden Leads All Competitors in the Plumbing and Gas Fitting Business.

Sanitary plumbing is becoming one of the most, if not the most important branch of the business and is a matter which should not be underrated, as the health of the people greatly depends on the manner in which it is done. The interest manifested everywhere in the subject, and its acknowledged importance, necessitates constant vigilance on the part of plumbers who wish to understand the scientific side of the question, and keep abreast of the requirements of the age in these matters. The people of Fort Wayne are to be congratulated that in the person of James D. Madden, plumber, steam and gas fitter, No. 101 Calhoun street, they have a man who fulfills all the requirements above stated.

The store and shop of this firm are 20x80 feet, and Mr. Madden is thoroughly equipped for doing all kinds of work required by the trade. He has a full line of plumbing goods, including faucets, stopcocks, basins, bathing apparatus, closet fixtures, lead, iron and brass pipes, range boilers, drain pipes, etc. He also carries a full line of Oxley, Giddings & Enos gas fixtures. Mr. Madden does the very highest grade of work, which includes house draining, ventilation, hot water and steam heating, and the fitting of various sanitary appliances. This department has been made a specialty, and the work done is guaranteed. Although this enterprising house is but a recent addition to Fort Wayne's multiplying industries, yet the number of fine jobs and big contracts he has executed, and the satisfaction his work has given, establishes beyond a doubt his claim as a skillful and scientific workman.

Among the larger contracts in the city which Mr. Madden has superintended are the plumbing work done in the Government Building, the Young Men's Christian Association building, St. Mary's church, the residences of Gus Lurdier, Solomon Rothschild, and a brick hotel at LaGrange, the residences of James King, Jacob Boos, and the Boppus block at Huntington, the residence of J. A. Smith, at Decatur, and the Wells county bank at Bluffton. Besides these he has filled a large number of contracts in imbside towns, and at Huntington he has done most of the work during the past year, and has a number of other important contracts there now under way and in course of completion.

Mr. Madden makes a specialty of that portion of the business known as house drainage and practices the Durham system which is acknowledged to be the best in the world. This particular branch has risen above the common plane of a trade and can be dignified by the term of a science. There is a wide distinction between ordinary plumbing and scientific drainage which can best be explained to those who have given the subject no particular thought by defining the two terms as affixed to the plumber's art.

Drainage includes the drains, soil, pipes, waste-pipe from basins, bathsinks, etc., and trap ventilating pipes for prevention of siphonage.

Plumbing includes hot and cold water circulation pipes and the setting and attaching of fixtures.

A permanently perfect system of drainage is a vital necessity. Defective plumbing causes annoyance and expense, but may not be detrimental to health.

The Durham system may be broadly described as a combination of scientific design, proper materials, and correct mechanical construction. The result attained is a system of pipes which are independent of the building for support, which cannot be cracked or broken, and whose joints are permanently gag-tight beyond the shadow of doubt. Proper mechanical construction is the foundation of good drainage. The Durham system is a drainage apparatus constructed with wrought-iron steam pipe and heavy cast iron fittings of special shapes, screwed together. This apparatus, when erected in a building, is steam tight, elastic under pressure, and at all points absolutely invulnerable; it will last, unimpaired, as long as any building will stand, without any outlay for repairs.

Mr. Madden makes another specialty, of that water-heating apparatus for warming residences, churches, schools public buildings by hot water circulation. He is the local agent for the "Perfect" hot water heater, manufactured by the Richardson & Boynton company, which is regarded as the best before the public.

Scientists and heating engineers acknowledge that the heat from hot water is far more agreeable and healthful than from steam, and is the preferred one of the two systems of heating. Medical experts, who have investigated the subject from a health standpoint, pronounce it superior in all respects to steam as a mode of heating. The interest manifested in hot water heating by architects, heating engineers, and the public generally, and the demand for a heater and system which would, if properly applied, give entire satisfaction in all cases, maintaining a uniform temperature in all parts of the building, regardless of the variations of temperature of the outer atmosphere, led to the making of extensive and costly experiments, covering a number of years, which resulted in the production of the "Perfect Hot Water Heater," above referred to.

Mr. Madden has but recently acquired the agency of this new and perfected system which can be seen in operation daily at his place of business to which he invites all persons who desire to see this perfect heating appliance.

Mr. Madden is a member of the National Plumbers' Protective Association, and is regarded as an authority in his trade.

ECZEMA CAN BE CURED.

The most agonizing, humiliating, itching, scaly, and burning Eczemas are cured by the Cuticura Remedies, when physicians and all other remedies fail.

I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning were almost unbearable. Seeing your Cuticura Remedies so highly recommended concluded to give them a trial, using the Cuticura and Cuticura Soap externally, and Resolvent internally for four months. I call myself cured, in gratitude for which I make this public statement.

Eczema Three Years Cured.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Remedies.

J. W. ADAMS, Newark, O.

Eczema on Baby Cured.

My baby has been troubled with eczema on his head and back, ever since baby. He was one mass of scabs, and we were obliged to tie his hands to prevent his scratching. I have spent dollars on remedies without effect, but after using one box of Cuticura and one cake of Cuticura Soap, the child is entirely cured. I cannot thank you enough for them.

F. W. BROWN.

Eczema on Hands Cured.

Two years and a half ago Salt Rheum broke out on my right hand. It appeared in white blisters, attended by terrible itching, and spread until it covered the entire back of the hand. The disease next appeared on my left hand. I tried many remedies, but found no cure until I obtained the Cuticura Remedies, which effected a speedy and permanent cure.

A WORD ABOUT CATARRH.

"It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the head, and food for Catarrh makes its appearance. Once established it rots into decayed vitals, and renders life but a long-drawn breath of misery and disease, dulling the sense of hearing, trammelling the power of speech, destroying the faculty of smell, tainting the breath, and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assumes its more dangerous thing and involves the bones, eating through the delicate roots and causing inflammation, sloughing and death. Nothing short of Moral eradication will secure health to the patient, and all alleviatives are simply procrastinated sufferings, leading to a total termination. Sanford's Radical Cure, by inhalation and by internal administration, has never failed; even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered, and the disease thoroughly eradicated."

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, neatly wrapped in one package. With full directions; price, $1.00.
